PROJECTS

- Car sharing website**
Car Sharing is defined as the sharing of a vehicle by more than one person to reduce the cost of travel. The car sharing will enable persons living in an area and do not have their own vehicle to use this website will help the person to reach their destination at accurate time.
- Graphical representation and operation of logic gate**
In this project, it shows the logic gates such as AND gate, OR gate, NOT gate etc by graphically as their tabel. This is our mini project in college.
